Recommendation Letter

To Whom It May Concern:

It is my pleasure to write a recommendation letter for Ms.Lama Mohammad Aljohani. Ms. Lama was one of my students during her bachelor's degree, she studied with me the following course:

- Information Security (IS383), at level 7, This course provides the foundation for understanding the key issues associated with protecting information assets, determining the levels of protection and response to security incidents, and designing a consistent, reasonable information security system, with appropriate intrusion detection and reporting features. The purpose of the course is to provide the student with an overview of the field of information security and assurance. Students will be exposed to the spectrum of security activities, methods, methodologies, and procedures. Coverage will include inspection and protection of information assets, detection of and reaction to threats to information assets, and examination of pre- and post-incident procedures, technical and managerial responses, and an overview of the information security planning and staffing functions

Ms.Lama distinguished herself by submitting an exceptionally well researched and interesting assignments and was highly proficient in applying the course material in analyzing the problem situations. She passed all practical and theoretical tests of this course and showed her ability to study course materials beyond limits of the course. Her overall excellent performance reflected in her exceptional grades for the course, which were one of the best in the class (A+).

At a personal level, Lama is a well disciplined, industrious student with a pleasant personality. She has proven herself to have the perseverance, initiative, and intellectual creativity necessary to be an extremely positive asset to your organization. I would therefore highly recommend Ms.Lama. If I can be of any further assistance, or provide you with any further information, please do not hesitate to contact me.

Sincerely,

Nouf Alharbi
Associate Professor at College of Computer Science and Engineering,
Taibah University
